## **From Principal's Desk**

**Dear Students,**

Welcome to Govt. Degree College Ani at Haripur. GDC Ani was established on 27.06.2006 to open up the doors of higher education in the rural area, specially to economically weaker sections and girls students of this area who couldn't manage to go out of their native place due to social and economic reasons. It was the efforts of Late Sh. Hari Ram ji and the people of this area that the dream of getting higher education at their own native place is made possible. At present the college is offering its courses in Arts, Science, Commerce and Computer Science streams. In the academic session 2022-23, our college received a grant of Rs. 1 Crore to provide the best facilities to the students under Utkrisht Mahavidyalaya Yojana. The grant was utilized to enhance the Sports and Cultural infrastructure and to established E- Library, Career Guidance Cell, Research Centre and Language Lab. So the students can get world class facilities in education. Every year this college is getting accolade in academic, cultural, sports field. I wish a warm welcome to the student to this college and hope that their years in this college will be knowledgeable and fruitful.

**With love and blessings!**

**Sh. Narender Paul  
(Principal GDC Ani)**

## CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill-based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

### Outline of Choice Based Credit System:

**1. Core Course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

**2. Elective Course:** Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

**2.1 Discipline Specific Elective (DSE) Course:** Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

**2.2 Generic Elective (GE) Course:** An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective.

**P.S.:** A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

**3. Ability Enhancement Courses (AEC)/Skill Development Courses:** The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are the courses based upon the content that leads to Knowledge enhancement. They ((i) Environmental Science, (ii) English/MIL Communication) are mandatory for all disciplines. AEEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

**3.1 Ability Enhancement Compulsory Course (AECC):** Environmental Science, English Communication/MIL Communication.

**3.2 Skill Enhancement Courses (SEC):** These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction.

## **CO-CURRICULAR / EXTENSION ACTIVITIES**

The various curricular activities in the class rooms help only in imparting bookish knowledge to the students as per the demands of the examination system, but unless certain other activities are undertaken, a student never acquires other required skills for his all over growth. Such activities along with class room involvement help to integrate the three very vital aspects of an individual (student) viz. the body, mind and soul.
